What we are building

An online platform for the CBSE Computational Thinking & AI curriculum, Classes 3 to 8. Students practise chapter by chapter with puzzles and picture questions, do projects and earn rewards. Teachers set tests and homework and see reports. We want to build what teachers like you actually need.

On a computer

Open it in Adobe Acrobat Reader, Microsoft Edge or Google Chrome. Click to choose, type in the white boxes, then save and send it back.

On paper

Print it, tick and write in the spaces, then hand it over or send a clear photo of every page.

Please return by: _____ **Send to:** _____

In the tables, tick how important each item is to you. Choose Not sure if you have no view.
